SUMMARY

Backend-focused software engineer with 5 years of experience building and scaling distributed systems in Python and Go. Comfortable owning services end to end, from API design through deployment and on-call. Recently shipped a retrieval-augmented search feature that cut internal support ticket resolution time by 30%.

SKILLS

Technical: Python, Go, TypeScript, SQL, gRPC, REST API design, distributed systems, vector search / embeddings, LangChain

Tools: Docker, Kubernetes, PostgreSQL, Redis, AWS (ECS, S3, Lambda), Terraform, GitHub Actions

Soft skills: Cross-functional collaboration, mentoring, technical writing, incident response

EXPERIENCE

Senior Software Engineer — Northwind Logistics

Austin, TX | Mar 2023 – Present

- Led the migration of a monolithic shipment-tracking service into 6 independently deployable microservices, reducing average deploy time from 40 minutes to 6 minutes
- Designed and built a semantic search feature over internal knowledge base articles using vector embeddings, cutting average support ticket resolution time by 30%
- Mentored 3 junior engineers through structured code reviews and pairing sessions, two of whom were promoted within a year
- Organized quarterly team offsite activities to improve cross-team morale

Software Engineer — Fenwick Analytics

Remote | Jul 2020 – Feb 2023

- Built and maintained REST and gRPC APIs serving over 2 million daily requests for a real-time analytics dashboard
- Implemented a caching layer with Redis that reduced p95 API latency from 800ms to 120ms
- Wrote integration and load tests that caught 15+ regressions before production release across two years
- Participated in weekly team lunches and helped plan the annual holiday party

Software Engineer Intern — Fenwick Analytics

Remote | May 2019 – Aug 2019

- Built an internal CLI tool for automating database migration checks, adopted by the full engineering team
- Fixed 20+ bugs across the ingestion pipeline codebase as part of onboarding rotation

EDUCATION

B.S. in Computer Science — University of Texas at Austin

Aug 2016 – May 2020

CERTIFICATIONS

AWS Certified Solutions Architect – Associate (2022) | Certified Kubernetes Application Developer (2023)
